REGIONAL TRAINING ON REVISED/NEW MEDI-CAL ELIGIBILITY MANUAL PROCEDURES ON DISABILITY

The purpose of this letter is to inform you that we have selected six county sites for regional training sessions on the revised/new Medi-Cal Eligibility Manual procedures on disability which will be released shortly. These procedures represent the cooperative effort of county and state representatives of the Medi-Cal Application Based on Disability (MABD) Committee to improve and update disability procedures.

We have designated dates for the regional training sessions and would like to invite you to attend one of the sessions. Training will be conducted by state staff from the Medi-Cal Eligibility Branch (MEB) and the State Programs Branch-Disability Evaluation Division, as well as a county representative to the MABD Committee.

In addition to county participation, Administrative Law Judges (ALJs) will be attending the training. Two ALJs will be attending the Sacramento, San Francisco, and Los Angeles sessions.

The six regional training sites, the counties participating at each location, county contact persons and the training dates are listed below. Training is expected to last from 10:00 a.m. to 3:00 p.m. Directions/maps for the sites are enclosed for your convenience.

Due to limited space, we are requesting that counties send no more than two or three county staff who are involved with Medi-Cal staff training or procedures. Counties who are unable to attend a session at a designated location may wish to attend one in another location, but should notify MEB of the change.

Please contact Ms. Marie Taketa at (916) 657-1250 or Ms. Pat Takahashi at (916) 657-1246 at least two weeks prior to your designated session specified above to confirm the number of participants from your county and the location they will be attending. This will ensure that sufficient handouts are available for all participants.

Letter No.: 94-45

CERTAIN IN-HOME SUPPORTIVE SERVICE (IHSS) RECIPIENTS WHO SHOULD BE GRANDFATHERED IN UNDER WELFARE AND INSTITUTIONS (W&I) CODE SECTION 14005.21 WHEN EVALUATED FOR PICKLE ELIGIBILITY

Ref.: E-Mail No. 93164

As you are aware, W&I Code Section 14005.21 provides that certain individuals who were affected by the 2.7 percent reduction in the Supplemental Security Income/State Supplementary Program (SSI/SSP) income levels on September 1, 1993 are to be treated for Medi-Cal purposes as if the reduction had not occurred. That is, certain individuals are grandfathered for Medi-Cal purposes under the unreduced SSI/SSP levels.

The purpose of this letter is to revise the policy listed in E-Mail No. 93164 regarding IHSS recipients who were eligible for IHSS in August 1993 before the 2.7 percent SSI/SSP reduction. That E-Mail stated that if IHSS is discontinued for these individuals and they are applying for Medi-Cal-only, they are considered "new" Pickle applicants and not grandfathered for purposes of determining their Pickle eligibility. That is incorrect.

Many of the individuals who were on IHSS in August 1993 also would have been Pickle eligible as well. If these individuals are discontinued from IHSS and apply for Medi-Cal-only, they should be considered "old" Pickle eligibles and, by extension, grandfathered in under W&I Code Section 14005.21. That is, they will be subject to all regular Pickle requirements except for the income standard which remains at the SSI/SSP income levels which were in effect before the 2.7 percent SSI/SSP reduction on September 1, 1993. These individuals must be redetermined under Pickle eligibility rules (e.g., property at \$2,000 for a single person and \$3,000 for a couple). Also, if their income rises above the SSI/SSP income levels which were in effect on August 31, 1993 (e.g., \$620 for a single person after all disregards were applied including the disregard of all cost of living adjustments), they will no longer be eligible for the Pickle program.

The IHSS/Pickle individuals discussed above will continue in aid codes 14, 24, or 64 until they go into the new aid code(s) sometime in the near future.
